4 Attendance Policy

Attendance Rules and Regulations described in this section have to be strictly followed by all employees across all official work locations of Infoservices throughout India.

It is important to note that the number of working days, working hours, timings, attendance rules and guidelines can be modified by the Management Committee at any point in time as deemed necessary to suit current work requirements. Employees falling under the purview of these rules & regulations will be duly informed of the same. Also, any exceptions to the rules will be suitably informed to the respective employees.

4.1 Working Days and Timings

1. The number of Working Days, Weekly Working Hours and Work Timings for each employee are defined in their Offer Letter and in **Zoho People** as per the work requirements.
2. We have the same work week of 5 days in a week.
3. Typically, all work locations have 8 working hours per day with an additional hour for lunch break.
4. For any full-time employee, the maximum number of working hours per week is 40.

4.2 Methods for Capturing Attendance

Two methods are currently being used in Infoservices for capturing attendance:

1. Biometric Device Based Attendance Monitoring System (BBAMS)

All employees for whom BBAMS is applicable are required to provide thumb/finger impression in the Biometric device at the entrance of their office for checking in and out of the office. Employees can check in and check out multiple times during the day to mark their office time and field work time.

The first finger impression for the day would be considered as the check-in time and the last finger impression would be the check-out time. The number of working hours for that particular day will be calculated based on these two timings.

2. Web Check-In – **Zoho People**

This is a method to mark attendance online via the Zoho People. Zoho People is a Human Resources Management System (HRMS) software application. The “check-in” and “check-out” buttons in the “Web Check-In Module” in HRMS can be clicked to mark the Start & End Time for daily work. More details can be found in the Zoho People User Manual.

Zoho People - <https://www.zoho.com/people/login.html>

User Credentials of Zoho People will be sent to your official email ID on the day 1 of your joining in Infoservices from HR Department.

4.3 Guidelines for Capturing Attendance

To capture attendance, the following priority has to be given to the two methods mentioned above.

4.4 Attendance Rules

It is important to note the following additional rules about attendance.

1. **BBAMS** - In all work locations with 10 or more employees, the Management is planning to gradually introduce BBAMS.
2. **Web Check-In** - In work locations with less than 10 employees, the Biometric device will not be installed. All employees need to mark their attendance through Web-based Check-In via the Zoho People irrespective of BBAMS.
3. Also, employees who have been given "Work from Home" permission use this method for marking their attendance.
4. Employees who are on official duty should mark their attendance from their mobile application also.
5. Employees should note that the data captured in the Biometric Device will not be used for any other purpose except for maintaining employee attendance records during his/her tenure at the organization. The data will be deleted once the tenure ends and/or the employee contract is officially terminated.
6. **Attendance Calculation:**
 - a. Attendance for a month is calculated from the first day to the last day of the Calendar month.
 - b. Salaries are paid as per the attendance captured during this month.
7. **Rules for Absence from Duty:**
 - a. Coming to office late or leaving early, by 90 minutes or more, as per Duty that day, without applying for a Leave or Official Duty (OD) and with number of hours worked on that day less than 4; the employee will qualify for a Full Day Absence From Duty.
 - b. If an employee is absent from duty without prior leave approval or proper intimation under certain unavoidable circumstances, then he/she is considered as being "Absent From Duty".
 - c. The days of absence will be treated under Loss of Pay
 - d. The employee has to report to his/her Immediate Reporting Manager on rejoining the duty after Absence and provide valid reasons for Absence in Email before taking up work again.
 - e. If an employee is absent from duty continuously for more than 2 days (including any National / Festival / Declared / Weekly Off days which may fall in-between), an official correspondence from the HR department will be sent to him/her asking to report to duty and to provide explanation for his/her absence. Based on the enquiry, an action deemed fit would be taken by the Management Committee based on the Disciplinary Conduct Policy.
 - f. If there is no response from the employee within 5 days of sending the first official Correspondence, it would be assumed that the employee has withdrawn his service from the organization on his own accord and action will be taken accordingly.

8. Rules for Loss of Pay:

- a. If an employee takes a leave after all available leaves have lapsed for the given period of time, then it results in Loss of Pay (LOP).
- b. When an employee is on leave with "Loss of Pay", he/she is not entitled for any pay or allowance.
- c. A maximum of 15 days of leaves including Saturday & Sunday can be availed with "Loss of Pay" on approval of the Management Committee under special circumstances such as Serious Illness etc.
- d. If the employee fails to report to duty on the specified date after the sanctioned leave has lapsed, it is deemed that the employee has abandoned from service with the company on his/her own accord.
- e. LOP can be implicated on disciplinary grounds with regards to attendance by the Management Committee regardless of the availability of other types of leave.

9. Work From Home:

- a. "Work from Home" is applicable in scenarios where an employee has been on a long travel or there is a personal emergency and the employee needs to be present at home and also be connected to work.
- b. Only Full-Time Permanent Employees who have served the organization for more than 6 months are entitled to apply for Work From Home facility.
- c. The approval for the same is purely at the discretion of the Management Committee.
- d. Prior written sanction has to be taken by the employee to Work from Home.
- e. Approved employee working from home has to mark attendance via Web Check-In as mentioned previously.

10. Attendance Flexibility:

- a. Employees working on projects and travelling frequently, office timings can be made flexible and may be modified on a case-to-case basis or on a regular basis as per the sole discretion of the Management Committee.
- b. Such information must be shared with the HR Dept. by the employee and/or their reporting manager(s) to avoid unnecessary salary deductions.
- c. Two types of working shifts are used for attendance flexibility:
 - i. General Shift: General shift is from 9 am to 6 pm for Admin, Recruiting and other Operations departments. Shift timings can be changed for a limited period of time for any requesting employee on need basis, at the sole discretion of the Management Committee. All attendance rules, without any modifications, are applicable to the General Shift.
 - ii. US Shift: US Shift is from 12 pm to 9 pm. On a particular day, if office timings need to be reduced for a particular reason, then the Check-in time, Check-out time and Grace Period will be redefined as required by the Management Committee. The usual rules for coming late and leaving early will be applicable in this scenario.

5 Leave Policy:

Leaves are granted to employees with the intention of providing rest, recuperation of health and for fulfilling personal and social obligations. Taking enough rest and personal care is necessary to maintain high work productivity.

The following chapter describes in detail of all types of leaves, holidays and weekly offs for which employees are eligible, entitlements as per employee category & grade, the rules and regulations for application, cancellation, extension of leaves and more.
